MEMORANDUM FOR THE RECORD

SUBJECT: Conversation with Secretary Vance,
29 November 1977

25X1

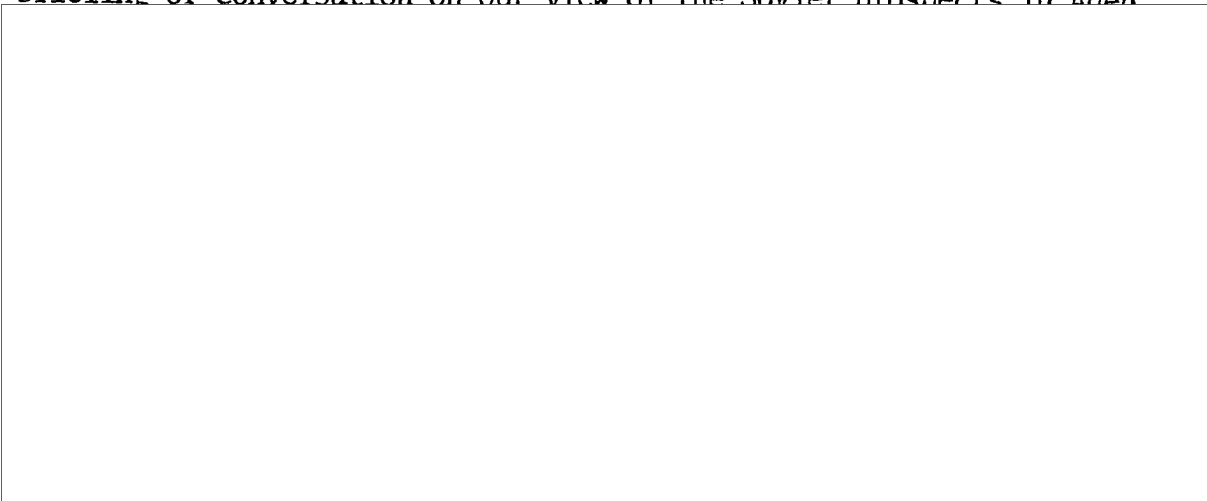

2. The Secretary mentioned that he had heard through a member of the Senate Select Committee that relations between the Agency and the State Department in the field were extremely good -- perhaps better than ever. Secretary Vance felt this was definitely the case compared with his previous experiences.

3. We discussed the prospects of the Soviets moving into Aden. I provided him the point paper we had prepared [redacted]. He provided me a paper from the INR Morning Intelligence Summary of 25 November on "Soviet Support Facilities in the Indian Ocean." We agreed that we would meld the two papers and [redacted] engage [redacted] or whomever he could in that organization in a briefing or conversation on our view of the Soviet prospects in Aden.
